This record of our activities during 1952-53 will recall many pleasant memories to each of us in the years ahead. May they also, from year to year, recall to us those youthful aims and ambitions so common to young men and women; may they kindle within us a determination not to let hardships or misfortune discourage us in their accomplishments. It is my hope that this book will inspire us all to a better life as years go on.

DALLAS • TEXAS

The background of the entire page is a marbled paper pattern. It features a dense, swirling design of green and yellowish-gold lines, creating a complex, organic texture. The colors are muted and earthy, typical of vintage bookbinding materials.
